Batteries

Q: What is the warranty on Honda lithium-ion batteries?

A: These batteries receive an 8-year/100,000-mile high-voltage battery limited warranty.⁹

Q: What is the warranty on replacement Honda 12-volt batteries?

A: Replacement 12-volt batteries are covered for a 100-month (8 years and 4 months) prorated limited warranty.¹⁰

Q: What happens to a Honda lithium-ion battery at the end of its life?

A: It's harvested for metals and components so that as much material as possible may be recycled for later use. It's all part of the Honda Blue Skies for Our Children initiative—and our longstanding commitment to protecting the environment.

¹68 city/67 highway/68 combined miles per gallon of gasoline-equivalent (MPGe) rating; 360-mile driving-range rating. Based on 2021 EPA ratings. Use for comparison purposes only. Your MPGe and driving range will vary based on how you drive and maintain your vehicle, driving conditions, powertrain condition and other factors. ²Fueling time varies with hydrogen fueling pressure and ambient temperature. ³110 combined miles per gallon of gasoline-equivalent (MPGe) electric rating; 44 city/40 highway/42 combined MPG gasoline-only rating. 47-mile maximum EV mode driving-range rating. 340-mile combined gas-electric driving-range rating. Based on 2021 EPA ratings. Use for comparison purposes only. Your MPGe/MPG and driving range will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors. ⁴240-volt charging time is measured from initial illumination of the low state-of-charge indicator, not from full depletion. ⁵48 city/48 highway/48 combined mpg rating for Hybrid, Hybrid EX and Hybrid EX-L trims. 44 city/41 highway/43 combined mpg rating for the Hybrid Touring trim. Based on 2021 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions, battery-pack age/condition and other factors. ⁶55 city/49 highway/52 combined mpg rating for LX/EX trims. 51 city/45 highway/48 combined mpg rating for the Touring trim. Based on 2021 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors. ⁷40 city/35 highway/38 combined mpg rating. Based on 2020 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions, battery-pack age/condition and other factors. ⁸ZEV (Zero-Emission Vehicle) model as certified by the California Air Resources Board (CARB). ⁹8-year/100,000-mile warranty covers abnormal loss of capacity in the hybrid's high-voltage battery. Other warranties may provide additional coverage for the high-voltage battery. High-voltage batteries degrade over time with use. Gradual capacity loss is expected and not covered under warranty. See dealer for details. ¹⁰During the first 36 months (3 years) of service, a defective replacement 12-volt battery purchased from an authorized Honda automobile dealer will be replaced at no cost for the battery, labor, or installation. For the remaining 64 months (5 years and 4 months), you will receive a credit toward the purchase of the 12-volt battery. This credit is based on the then-current retail price: Months 37 to 45: 60%; Months 46 to 55: 50%; Months 56 to 65: 40%; Months 66 to 75: 30%; Months 76 to 85: 20%; Months 86 to 95: 10%; Months 96 to 100: 5%. The 12-volt battery is warranted for the time remaining in the 100 months of the Replacement 12-Volt Battery Limited Warranty. No cash reimbursement will be made. You are responsible for the labor or installation charges. See the vehicle's warranty booklet for complete details.
